The KitchenBathStore Walk in tub specialist

Diamond Elite (made in the USA) Price: \$4995

The Cadillac of Walk In Tubs

The newest design, three times stronger and safer than any other tub.

Because this new design has no metal frame, it has a 1" entry for safety, especially for those with problems raising their legs. This tub is 3 times thicker and stronger than any other tub, therefore will not flex or exhibit the wobbling effect. The inside dimensions are still deeper than most other tubs.
